

TRUSTMARK
Government Endorsed Quality

TrustMark Licence Plus

A gateway to retrofit opportunities

The opportunity

The drive to meet net-zero targets combined with on-going increases in energy prices means that there is now a significant demand for businesses that can carry out quality retrofit energy efficiency works to homes.

What is Licence Plus?

The Licence Plus Scheme enables TrustMark Registered Businesses to take on domestic retrofit energy efficiency work.

The benefits

Joining the Licence Plus Scheme can:

- ✓ open the gateway to new opportunities and exclusive markets
- ✓ support the development of skills to future-proof the industry
- ✓ enhance your reputation by working within a recognised consumer protection framework

24 million UK homes need retrofitting

Homes produce 20% of UK carbon dioxide emission

Our homes use 35% of all the energy in the UK

How to join Licence Plus:

Firstly, register as a TrustMark Business if you are not already.

www.trustmark.org.uk/tradespeople/join-through-trustmark

Once you're registered, you can:

Speak to an appropriate Scheme Provider for an extension to the scope of your existing TrustMark Licence.

The Licence Plus Requirements

At the core of Licence Plus is a commitment to delivering quality work and consumer protection. It includes the following requirements:

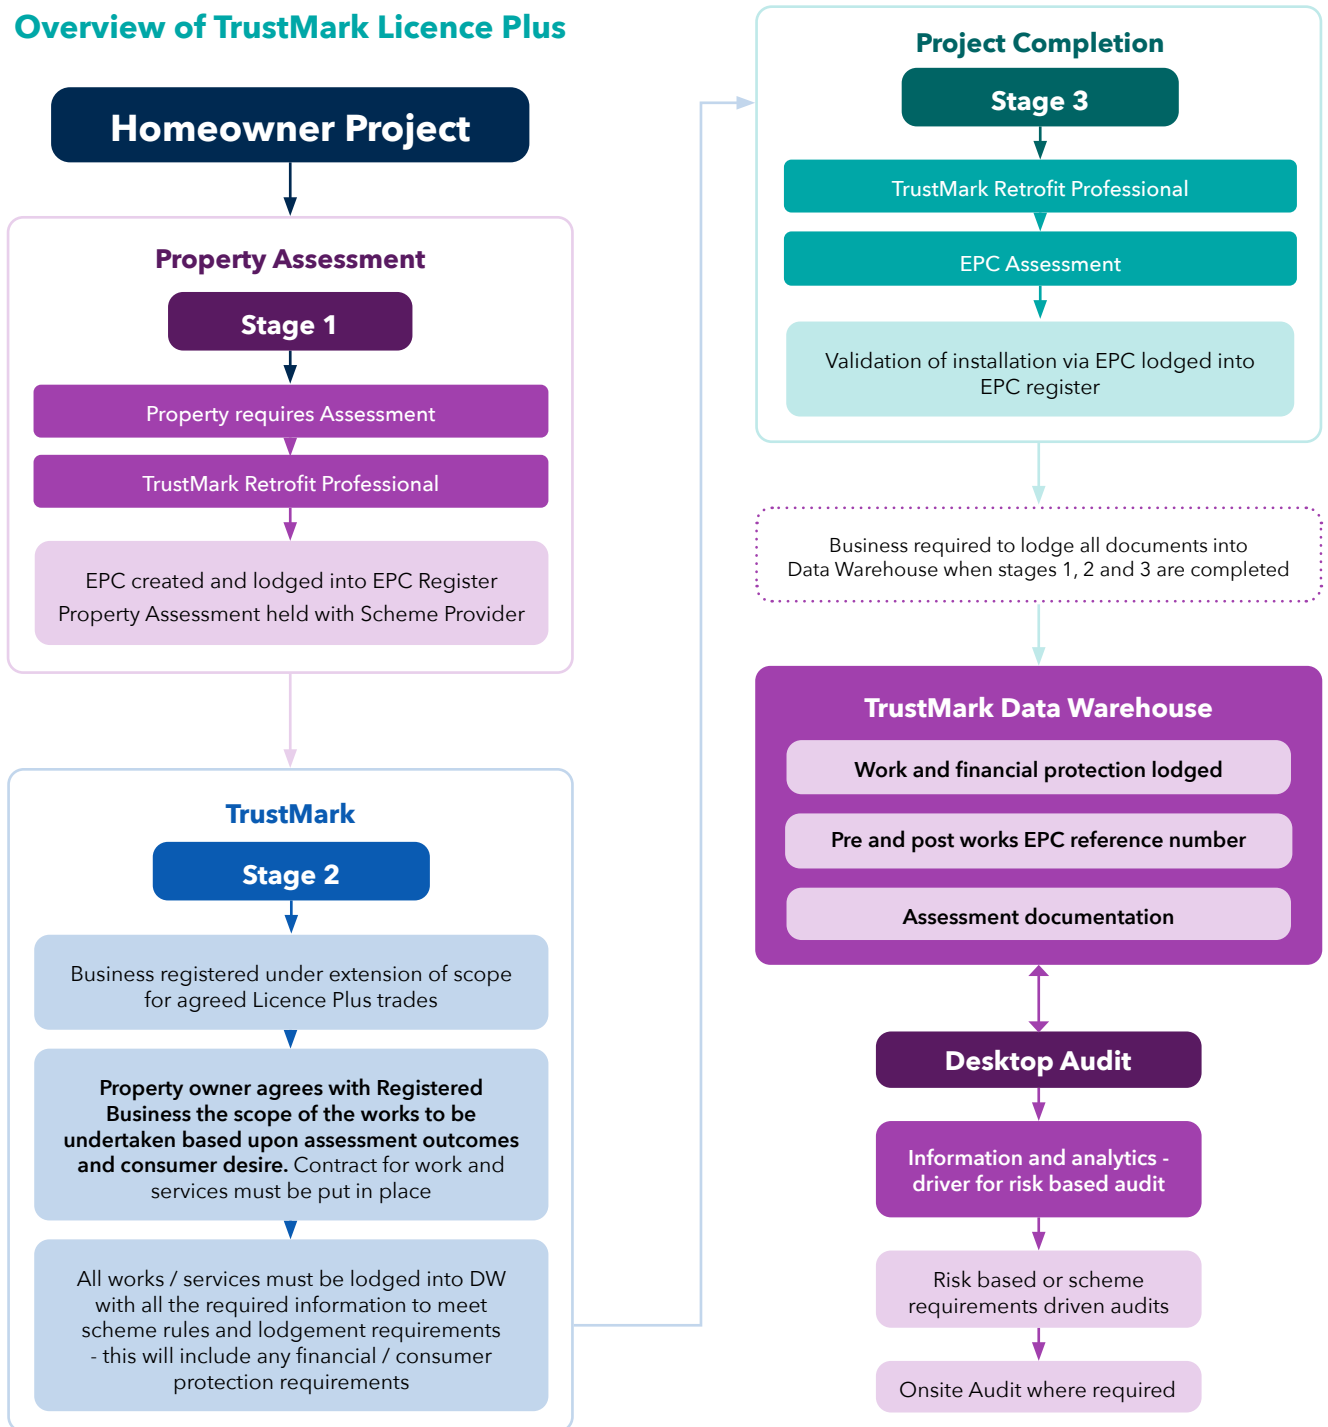

- Providing a property assessment and pre-works Energy Performance Certificate
- Ensuring a customer has impartial advice to make informed decisions
- Agreeing a contract to deliver the agreed work
- Providing a post-works Energy Performance Certificate to demonstrate the improvement
- Providing financial protection for the work completed
- Lodging details into the TrustMark Data Warehouse
